Health Integrated Named to Prestigious Inc. 500/5000 2011 List of Fastest-Growing American Companies for Third Consecutive Year

Tampa, Fla. – August 30, 2011 -- Health Integrated, a leading provider of Health Management Solutions for health plans, is honored to announce today that it was named to the prestigious Inc. 500/5000 list for 2011. The list profiles the top 500 and 5,000 privately held firms in America. This is the third year in a row that Health Integrated is included in the rankings, an exclusive annual review of the most entrepreneurial and fastest-growing private companies.

The full version of the September issue of Inc. Magazine is on newsstands now, and spotlights all companies on the list in its annual Inc. 500/5000 ranking along with in-depth profiles. You may also view the list online at www.Inc.com. Health Integrated appears on the 2011 list at #2608, with an exceptional three-year growth rate in a challenging healthcare business environment.

“Health Integrated’s position on this list shows our dedication and commitment to meet our clients’ evolving needs,” says Shan Padda, Chairman and Chief Executive Officer of Health Integrated. “As the health care industry changes, Health Integrated has been able to adapt and provide relevant services for our clients.”

As a partner to health plans, Health Integrated’s chronic condition, healthcare utilization and case management programs are reaching eight million health plan members across the country. These programs address medical, psychological and social barriers to better health while also containing costs and improving clinical outcomes. Health Integrated tailors a solution to each health plan customer based on their specific health management needs and business challenges.

Health Integrated works with commercial, Medicaid, Medicare and other government-sponsored health plans. The Company has delivery centers in Tampa, Fla. and Lynnwood, Wash., and a technology center in Pleasanton, Calif.
