Kimberly Boulahanis selected Tampa Bay Business Leader Women Extraordinaire 2011

Tampa Bay, Fla., December 2011 – Kimberly Boulahanis, PHR, Director, Corporate Resources at Health Integrated, has been selected by Business Leader Media as a 2011 Women Extraordinaire. The award honors women that are executives, business owners, or community leaders who have demonstrated exceptional business achievement and community leadership.

“Kimberly is a highly dedicated professional who is actively involved in the community. She is truly deserving of this recognition on the list of leading qualified women.” Sam Toney, Chief Medical Officer and Founder, Health Integrated.

This honor is the focus of an annual awards event hosted by Business Leader Media. In its inaugural event locally, Business Leader was overwhelmed with more than 1,700 nominations from the Tampa Bay area. Of the submissions, only twenty four women were selected for the honor.

“A nomination for the Tampa Bay Florida Women Extraordinaire 2011 award is a significant accomplishment in one’s career. Kimberly is an inspiration to the Health Integrated team”, said Shan Padda, Chief Executive Officer, Health Integrated. “Over the years Kimberly has demonstrated creativity and talent with determined strength.”

In addition to being recognized at the annual event December 12 at the Tampa Palms Golf and Country Club, Boulahanis will have her bio featured in the December issue of Business Leader along with the other honorees, and will conduct an interview on Business Leader Radio.
